REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)

81048526

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name.

I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 6,026,679, granted February 22, 2000 and for which a reissue patent is sought on the invention entitled Method to Infer Engine Coolant Temperature In Cylinder Head Temperature Sensor Equipped Vehicles

the specification of which

☐ is attached hereto.

☐ was filed on April 16, 2001 as reissue application number 09/835,926

and was amended on April 23, 2006
(If applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

☐ I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

Based on the original specification, without any deceptive intent, patentees, for example, in claim 1, unnecessarily claimed the steps of "generating a signal for the calculated engine coolant temperature" and "sending the generated signal to a display."

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application.
